

NONEL[®] Starter Gun

Technical
Information

Safe handling, transportation and storage

First Aid – This product is manufactured from inert material.

Safety – The device itself is non-explosive, however, it is designed for use with explosives which are classified as dangerous goods and these can cause personal injury and damage to property if used incorrectly.

Transportation and Storage – There are no specific storage requirements or constraints other than those associated with any electronic device.

Description

The NONEL[®] Starter Gun is a simple and highly effective hand held blasting machine, robustly constructed from metal alloys and stainless steel. It has an integral safety device and uses Shot Shell Primers No. 20 as primer caps. It is a complete blasting machine, no other equipment being needed to initiate a NONEL tube.
